

**OFFICIAL COMMUNICATION**
Cross-Country start

Please remind your riders if they are called to the front row that the front wheel must be on or behind the line, not in front. Please see the picture below, this is not acceptable.

What we do not want is to see a commissaire pushing riders back on to the line within the last minute before the start on live television, this also looks bad !

In future any rider with the wheel over the line will receive a fine.

President of the Commissaires' Panel
Technical DelegateEVANS Justin (USA)
WABEL Beat (SUI)
